

Dr. Drew Hecht Named “Best of Bucks” In Urology Care

Langhorne, PA, August 19, 2015 – Urology Care Alliance (UCA) is proud to announce that Dr. Drew Hecht, of UCA Bucks County, been selected by the readers of The Bucks County Courier Times to the list of **One of The Best 2015** for Urology Care.

The Best of Bucks County is a list of the Courier Times readers’ favorite businesses, products and services in the community – including physicians. After readers enter their votes for the Best Physicians, an auditor tabulates the submissions, and the selections are announced.

With thousands of physicians in the region, the award is truly meaningful because it comes from the people – recognizing the outstanding care provided by Dr. Hecht and his colleagues at UCA Bucks County.

"We are very proud of Dr. Hecht who works tirelessly to provide the highest quality care for his patients in the Bucks County region," says Alan Plotkin, president and CEO of Urology Care Alliance. "To be selected by area residents is a testament to his expertise and commitment."

Dr. Hecht graduated with honors from Penn State University in 1975 and in 1978 received his doctorate from the College of Osteopathic Medicine and Surgery in Des Moines, Iowa. He then completed his residency in General Surgery and Urology at Metropolitan Hospital and Pennsylvania College of Osteopathic Medicine in 1983. That same year he established a solo practice in Urology Care in Bucks County and 14 years later co-founded UCA Bucks County - now located at 825 Town Center, Suite 150, in Langhorne.
